I Am Thankful

Max Johnson

It is almost Thanksgiving and it is time to give thanks and these are the 3 things I am thankful for water, Fortinet and food and our family and friends will come over .

The first thing I am thankful for is water because it is better than pop and flavored water and it is better for you, and water won't give you cavities. It won't leave stains on your shirt even if you are wearing a wite shirt it will be wet for a while.

The next thing I am thankful for is food because my grandma makes good pie and mac salad and it is great She also makes good cakes, pies, cheeseburgers, hot-dogs, bratwurst, mac-cheese, ice cream -cake, fruit salad and, turkey. When it is Christmas she makes good pizza and she makes good spaghetti.

My grandma can Make good root beer floats and orange floats. My favorite food is her ice cream-cake.

The last thing I am thankful for is Fortniet. The reason why is because it is better than a lot of other games and I am good at it and it is fun and I can get a lot more skins and there are updates and we like get a new map on it and that's what updates are. We get a new session and we can get new stuff, but if you get the battle pass you can get the skins and the map will change and there is this thing called the Itamshope.

You can get emotes and skins and I wish that they would bring back the skol trooper it was a cool skin.

I hope that everyone has a good Thanksgiving. As you can see I am thankful for a lot of things.

What I Am Thankful For

By : Maci Smith

Thanksgiving is a time when many people are thankful. Here are three things that I am thankful for family, school, and life .

The thing I am thankful for the most is family . My family members are grandma , grandpa , Josh and Spencer . They are with me through thick and thin. They love me when I am crazy and don't eat my food .

I am thankful for school . This is why I get to see my friends. Some subjects are math, science, win time, music, writing, morning meeting, PE/gym, etc. I am thankful for school especially because some people do not get to go to school .

The last thing I am thankful for is the amazing live I get to have . Some people do not get food , water , clothes or even a roof over their heads. That is why I am so thankful for my great live I get to live .

As I sit and eat this great food I can think to myself that I have a lot to be thankful for. I am thankful for family, school, and my great life I get to live .

I Am Thankful

Mia B. Fierova

Thanksgiving is coming soon, and it's time to give thanks for what we have. There are many things I am thankful for, but the 4 things I am most thankful for is food, friends, family, and school. These things are very important to me.
One of the things I am thankful for is food. Sometimes I am very hungry because I don't eat in the morning every once in a while. Once I was so hungry my stomach hurt a lot. Then once it was lunch I felt a lot better. I ate cheese pizza it was so good. Pizza, fruit, and corn are things that I like a lot. Food also will help us starve. That's why I'm thankful for food.
Next is my friends, they are very nice. They are also understanding, once I was so lonely True, Maya, and Olivia (my friends) came to play with me. Maya tells me how much she likes me as her friend, and it makes me feel good. True is always there for me too, she is always looking out for me. Olivia is more of the fun one out of them. We wrestle at her house considering she is my cousin. All together they make the best friends.
Then I am very thankful for my family, I mean all of them. Like my grandma, cousins, and uncles. They are always there for me. At dance competitions and basketball games they are always there. When Jade or Damaris (my sisters) are doing something else my parents make it so one of them can be at each things. The cousins that live in Northwood are really fun too. We always wrestle each other. At my grandma's farm we play around a lot. In winter my grandpa pulls a sled attached on his gator and runs us into the huge snow hill he plows. All of my family comforts me and cares for me. I am very, very thankful for my family.
Finally school, the time to learn. School is the place to learn about math, reading, spelling, and writing. Before I had no idea how to do any of these things. Now I've wrote a whole story with capital letters, correct spelling, and punctuation. I have also done a full page doing math problems. At the library I read many books. Sometimes I don't get how things are done the first time, but teachers make it a little bit easier. Another good thing is that you get to see, work and play with your friends. School also teaches you about history and science. In social studies, I've learned about Martin Luther King and other people like that. During science we are learning about the environment and natural resources, it's important you care for the things around you. Education is a very important thing to me.
As I said, Thanksgiving is a time to give thanks. I am thankful for many things like, school, friends, and food. Out of all the things I am thankful for I'm most thankful for family. They are helpful, caring, and always there for me. Without them I don't know if I'd be the person I am today.
I hope you all have a great Thanksgiving and a happy holiday season.

I Am Thankful

Ivy Toresdahl

It is almost Thanksgiving, and it is time to give thanks. There are many things that I am thankful for, but the 3 things that I am most grateful for are parents, food and shelter.
The first thing I am grateful for my parents. I am grateful for my parents because they give me life and life is really important to me. I do not think I would be here if my parents were not in my life. Another reason is they pay for me to go to school and learn so I can go to a good college to be a pastry chef. I love baking it is really fun. My favorite part of baking is doing the frosting and sprinkles. Another reason is that they pay for me to live in a house and to stay alive. So that is the first things I am grateful for re amny parents.
The next thing I am grateful for is food because if I did not have food I would not be alive, and I also need food because food feeds animals. I remember when I had to go to St.Ansгар and go to the bank with my Aunt Andrea, Uncle Timothy and cousin Calan. Than we went to the Sportsman's restaurant and got the buffet. I got 5 plates of food and I got 4 pieces of fried chicken and mashed potatoes on my first plate. On my next plate I got a salad it had croutons, bacon bits , cheese, pickles and itallin dressing. My favorite kind of dressing is itallin. So that is why one of my favorite things I am grateful for is food.
Lastly, I am grateful for shelter because if I did not have shelter I would not have warmth from a house like I do now. I remember when I saw a homeless person on the road and I wondered what it would be like if I did not have a place to live. I am afraid of wild animals so I am grateful that I have shelter if I had to sleep outside, I would not be able to sleep at night because of all of the noise and all of those wild animals. Another reason I am grateful for shelter is I would not have room to put my stuff. If I did not have shelter we would probably not have any place to go. I am also grateful for shelter because if we did not have shelter I don't think that I would be able to get any pets and my pets taught me a lot of things like responsibility and if I would not learn that I don't think I would be as good of a kid.So that is why one of my favorite I am grateful for is shelter.
As I said, Thanksgiving is a time to give thanks, I am grateful for a lot of things like food and shelter, but the thing I am most grateful for my parents, and without this I don't think I would be here. I hope everyone has a happy holiday season.

What I Am Thankful For

By: Dominick Authier

There are many things I am thankful for this year. Here are three things I am thankful for, the people that founded America, family, and food.
The thing I am most thankful for is the people that founded America. If they did not come to America I would not be here. I would be somewhere else not in the U.S.A. I would not be able to do the same things as I do here.
I am thankful for my family because I can go hunting. I go hunting with my dad, grandpa, uncle and my great uncle. My grandpa always gets a deer. I have got one it was big.
I am also very thankful for food I always eat grilled turkey. My grand-ma's mashed potatoes are the best. My mom's steamed peas are amazing. My grandpa's venison is great with crackers.
That is what I am thankful for this year. The people that founded America, my family and food.

I Am Thankful

Taryn Jackson

It is almost Thanksgiving, and it is a time to give thanks to the people we love the most. There are many things that I am thankful for, but the three things that I am most thankful for is my family, my cat, shelter and life.

The first thing that I am thankful for my family because on Thanksgiving we all help out and I set the table with the stuff that we are supposed to eat. When we go to eat we all have to dress nice in our best clothes or just wear the clothes that we want to. Every Thanksgiving we do something fun and I cannot wait for some of my family to come out here for Thanksgiving. I cannot wait to see my cousins because then we can make bath bombs and play with them and then after dinner we will see if they work or not. I am grateful for my family

The next thing I am thankful for is animals because without animals Earth will be nothing without them. When the animals die new ones come alive the same animals are renewable. I love animals and I love that animals save us from bad things and I love the fact that when we keep animals they are kind of calm and they are protected by us. Sometimes they run away because animals need to be free in the wild. They have families and they need to be with their family and they catch their favorite food. I am grateful for the animals on Earth

The last things that I am thankful for are life and shelter because without shelter we would not have anywhere to put our food. If we didn't have shelter, where would we keep our clothes and our cat if we didn't have shelter. We also need shelter to keep us warm and safe.

As I said, Thanksgiving is about giving thanks and I am thankful for My family, the animals on the earth, and shelter but the thing I am most thankful for my parents. I hope everyone has a happy Thanksgiving

It is almost Thanksgiving, It is time to give thanks for what we have. There are many things that I am thankful for, but the three things I'm most thankful for are my Mom/Dad Jace and Austin.

My first thing I am thankful for is Mom/Dad because they go to work and put food on the table for me my brother. The second reason is because they buy us presents when Christmas comes. Finally, I am thankful for them because they make good food, but not better than grandma Barbie and Grandma Stephanie.

The next I am thankful for is my cousin Jace. If I didn't have Jace as a cousin I wouldn't be going fishing or hunting. Next I wouldn't be playing sports like baseball or football. Finally, I wouldn't have caught a 3.5 pound bass if he didn't give me my first fishing pole, it is a Fenwick.

The final thing I am thankful for is my brother because he is one of them brothers that will be mad at me and happy. He plays baseball with me and football, and he wants to go where I go. Like when I went to a rodeo with my Aunt Bethany he wanted to go also but he decided not to.

As you can see Im thankful for my family, food and and much more, but the three things I am most thankful for my Mom/Dad, Jace, Austin. I am very thankful that I have them three people In my life.

Happy Thanksgiving

Thanksgiving is right around the corner, and It is the time to give thanks. There are many things that I am thankful for, but the three things that I am most thankful for are family, food, and my pets.

The first thing that I am thankful for is my family. I am thankful for my family because they take me on vacation. Two years ago, my parents took me to Disney World. it was a lot of fun we got to see all the Disney princess. I also liked the other weekend we went to Missouri and it was a lot of fun. I am also thankful for my family because they give me clothes. One of my favorite outfits is wearing sporty pants and a shirt with my crocs and socks! Another reason I am thankful for my family because they care for me and take care of me! I really love my family a lot, and I need to tell them this more!

The next thing that I am thankful for is food. I am thankful for food because I love a lot of food. I get very hungry easily so I try a lot of new foods. I really like all kinds of food, except maybe Chinese. Sometimes I will not eat any food because it looks gross and people make me eat it so I try it and it is amazing. So now when there is a new food I usually eat it and because I am hungry.

The last thing I am thankful for are my pets. I love my pets because they always make me feel better. A lot of times I have had a very rough day at school. So I will run over to my bunnies cage and she makes me feel better because she is so cute and gives me kisses. It is very cute.

Like I said, Thanksgiving is a time to give thanks. I am thankful for a lot a lot of things but the most important thing I am thankful for is my parents because without them I don't know what I would do. I have the greatest parents in the world! I hope everyone has a great Thanksgiving!

Happy Thanksgiving

I Am thankful

True Hackenmiller

It is almost Thanks-giving, and it's time to give thanks. There are many things you can be thankful for, but the three things I'm thankful for is God, My family and food and water. These are the reasons why they are important to me.

God, The reason why I'm thankful for God is he gave us this earth and he created us all on the earth and I don't care if you like him or not that is fine, but Jesus died on the cross for everyone's sins. Even for bad people like some very bad people he died for all of the people even if you weren't born he still died for all of our sins. If you don't like me because of that then don't like me I don't mind I love God and you should too.

My family, My family is sweet and kind and caring and I just love my family I have a sister and two brothers and a dog and a cat and a mom and dad. I also have two cousins but I'm not going to talk about them right this second. My sister is 13, and she always spends time on her phone and I always say "can I play your phone" She always sigh and says sigh and says yes I love my sister. Next is my two brothers. Ones 15 and one is 7. They are always and I mean always. My older brother never gets of his phone. Then my little brother takes my mom's phone a lot he cries for the phone when mom doesn't give it to him. That is my family and I love them so much and no one can take that feeling away from me. All I have to say is I love you family.

Last is Food and water. Food and water a very important to me. If we didn't have it would cause death and no one would be on the earth if we didn't have that. That is why I love God. Food will not make you starve and some food will keep you healthy. Water is very very healthy and if you don't drink water you won't be here anymore. Some people made sugar water and that is not healthy. They made candy and also not healthy. There is sugar in apples. That is so weird like I thought it was healthy but no. There are people out there that are making food and water unhealthy and there are the reasons why people get cavities. Anyway I glad we have food and water, but people are making bad things for people.

There are many things that I am thankful for, but the things I listed are the three most things I love the most. Real quick the reasons I love God is because he created the earth. The reason I love my family is because they take care of me. Then finally I love food and water because they don't make you thirsty or starve. Those are quick short reasons I love those things so much. I hope you have a good Thanksgiving and make sure you eat all of the food before anyone else gets to it so yea. This is True. True out.

It is almost Thanksgiving, and it is a time to give thanks. There are a lot of things I am thankful for. The three things I am most thankful for are friends, family and enough money to buy food and water.

The first thing I am thankful for is friends. Without friends I would be lonely. I have many friends. Hallie, Ivy, Mia, Hixton, True, Leah, Olivia, Abby, Maci, Maya, Kia, Taryn, Ivy U. That is about 3/4 of them. I have lots of fun with them. Sometimes we get into fights, but soon we make up. We have sleepovers, and parties.

Next I am really thankful for my family. Without them I would have no money to buy food or water. I have lots of family. The family who lives with me is my mom Amanda, my dad Mitchell, one of my sisters is Emma she is 6. One of my brothers Walter he is 3, my other sister Lilly she is 3, my last brother Wyatt he is 3.

The last thing I am thankful for is having enough money to buy food and water. Without food and water I would not be alive. I can only survive about 3 days without water, and water I can survive three weeks without food. I have a lot of favorite foods my top three foods are chocolate zucchini muffins, pizza, ice cream.

I hope you all have a good Thanksgiving. Quinn out!

It is almost Thanksgiving, and it is the time when you give thanks. There are 3 things that I am most thankful for. They are family, shelter, food.

The first thing that I'm thankful for my family because they buy me expensive things like an electric scooter and an Ugly Stik because I like to go fishing. I like to catch bass. Also my dad got me a dirt bike, and some gear because I like to ride dirt bikes and jump over hills. My step dad gets me treats and cool fishing lures and he lets me drive. My mom gets me animals because I like animals, like horses, hamsters, cats, dogs, birds, butterflies and caterpillars.

Next I'm thankful for is shelter because it keeps me warm and safe. It helps me sleep because I do not like to sleep on the floor. It keeps me safe when there is a tornado. It also keeps me happy and healthy. It keeps me safe by keeping animals out of my house like snakes, raccoons, spiders,and squirrels.

The last thing I am thankful for is food. My favorite food is enchiladas because I like the sauce and I like tortillas, meat, cheese. My next favorite food is steak because I like the juiciness in it. It also keeps me healthy and strong. My favorite dessert is banana cream pie.

Like what I said earlier, Thanksgiving is the time when you give thanks for things. The things I'm most thankful for are snowmobiling and riding dirt bikes, but the thing I am most thankful for is my family. I'm thankful for everything that my mom and my dad do for me. I hope everyone has a good Thanksgiving.

It is almost Thanksgiving , and Thanksgiving is about giving thanks. There are many things that I am very thankful for, and here are the three things that I am most thankful for my family ,food, and shelter .

The first thing that I am thankful for my family because they take care of us. They take us on trips, and they take us to eat and to go camping. I love my family we are a good family because they help me if i need to do math help with my reading. The food that they give me is really good. Another reason that I love my family is because they give us clothes and the kind of outfits I like to wear are t shirt and leggings and socks and shoes . They pay for our house so we can live in it, and they pay for the electricity and internet. They pay for food, and my favorite food is tacos. Tacos are good to eat. My family is a really good family. I AM THANKFUL FOR MY PARENT'S because I love them so much

The next thing that I am thankful for is shelter because it can keep us warm and we have beds to sleep on and not have to sleep on the floor. We need shelter because if we lived outside we would be cold . I am thankful that my parents pay for shelter because if we did not have shelter we would be cold. We would also be sad if we did not have a house, and we would be homeless. Thankfully we have money and a house because houses are a lot of money. Money does not grow on trees so we can not beg for anything because if we didn't have a houses we would be cold.

The last thing that I am thankful for is food because we would die if we didn't have food. My favorite food is tacos are so good I am so thankful for shelter , family, and food i love my family so much.

My dog is a stinker some times, but he is still a good dog, but I want another dog so they can play. That is never going to happen, but I still want one. My dad and Mom are the best, and they gave me life. My Dad and Mom are the best because they let us go on vacation to Minnesota and go to the Minnesota Zoo and

the Mall of America.

I am thankful for my life because I can play football with my friends , and get a dog named Copper. My life is good because my Mom is the best and my Dad is the best.

I like to do Thanksgiving so I can hangout with my family. I can play football with my family and sometimes it is the Packers vs Vikings. Go Vikings .I sometimes play the music to loud and I get in trouble, but I still love Mom and Dad.

I am finally thankful for Mr.Einertson because he is the best teacher. He gets us flexible seating for the room, but he should not but it is comfortable. He lets us be a litte

Loud and I think he is the best. We get to go on computers most of the time. Mr. Einertson as such a nice guy. He always makes me smile when he laughs I laugh and he makes everyone laugh.

I am thankful for a lot of things, but the thing I am most thankful for is my family. I hope you have a good Thanksgiving with your family.

Thanksgiving is getting closer, and it is a time to give thanks. I am thankful for a lot of things, but these are the three things I am most thankful for. I am most thankful for my family, then food, then finally my ps4.

I am most thankful for my family because they take me camping. I go camping at Silver Lake campground with my parents. I like going there because I have a lot of friends and there are monster fish in the lake. Every night we go and sit around a campfire, and that's why my most favorite thing I am thankful for is my family.

The second thing I am thankful for is food because it gives me energy. My favorite kind of food is steak, it's really good with spaghetti. Another food I like is bratwurst, it is really good when my dad grills them we have them with corn and beans. I love when my mom makes baked potatoes we had them a few days ago I always put butter and cheese on them, and that's why my second most thing I am thankful is food.

The last thing I am thankful for is my ps4 because it lets me play Madden20. My favorite thing to do on Madden 20 is face of the franchise. I play a lot of games on my ps4 I have Wreckfest and Nascar Heat. For some other games I would like is the Farming Simulator 19. My ps4 is great and that's why my last thing I am thankful is my ps4.

Thanksgiving is a time of giving thanks. As you can see there are a lot of things I am thankful for, my PS4 and food, but the thing I am most thankful for is my family. I have the greatest family in the world and I love them very much.
